Proinsur GROUP

Procesos Industriales del Sur

Introduction

Proinsur is a family company founded in 1993.

Today, it is a leader in the field of injection moulding and industrial assemblies especially for automotive industry.

The company manufactures a wide variety of products for the automotive industry.

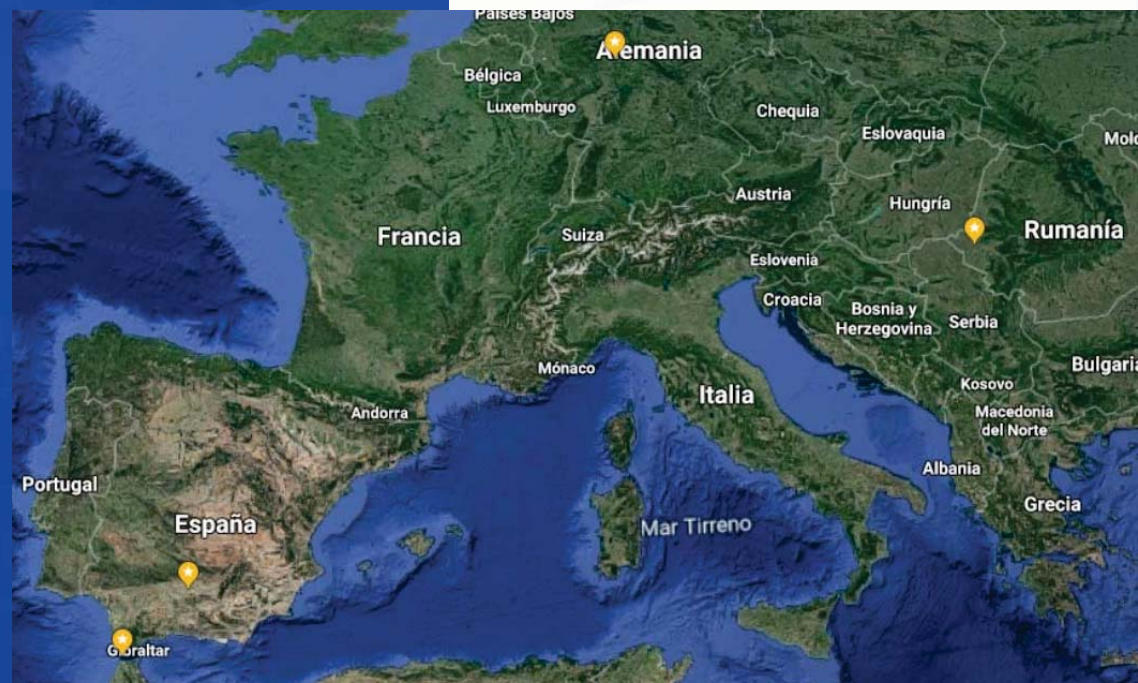

WHO WE ARE

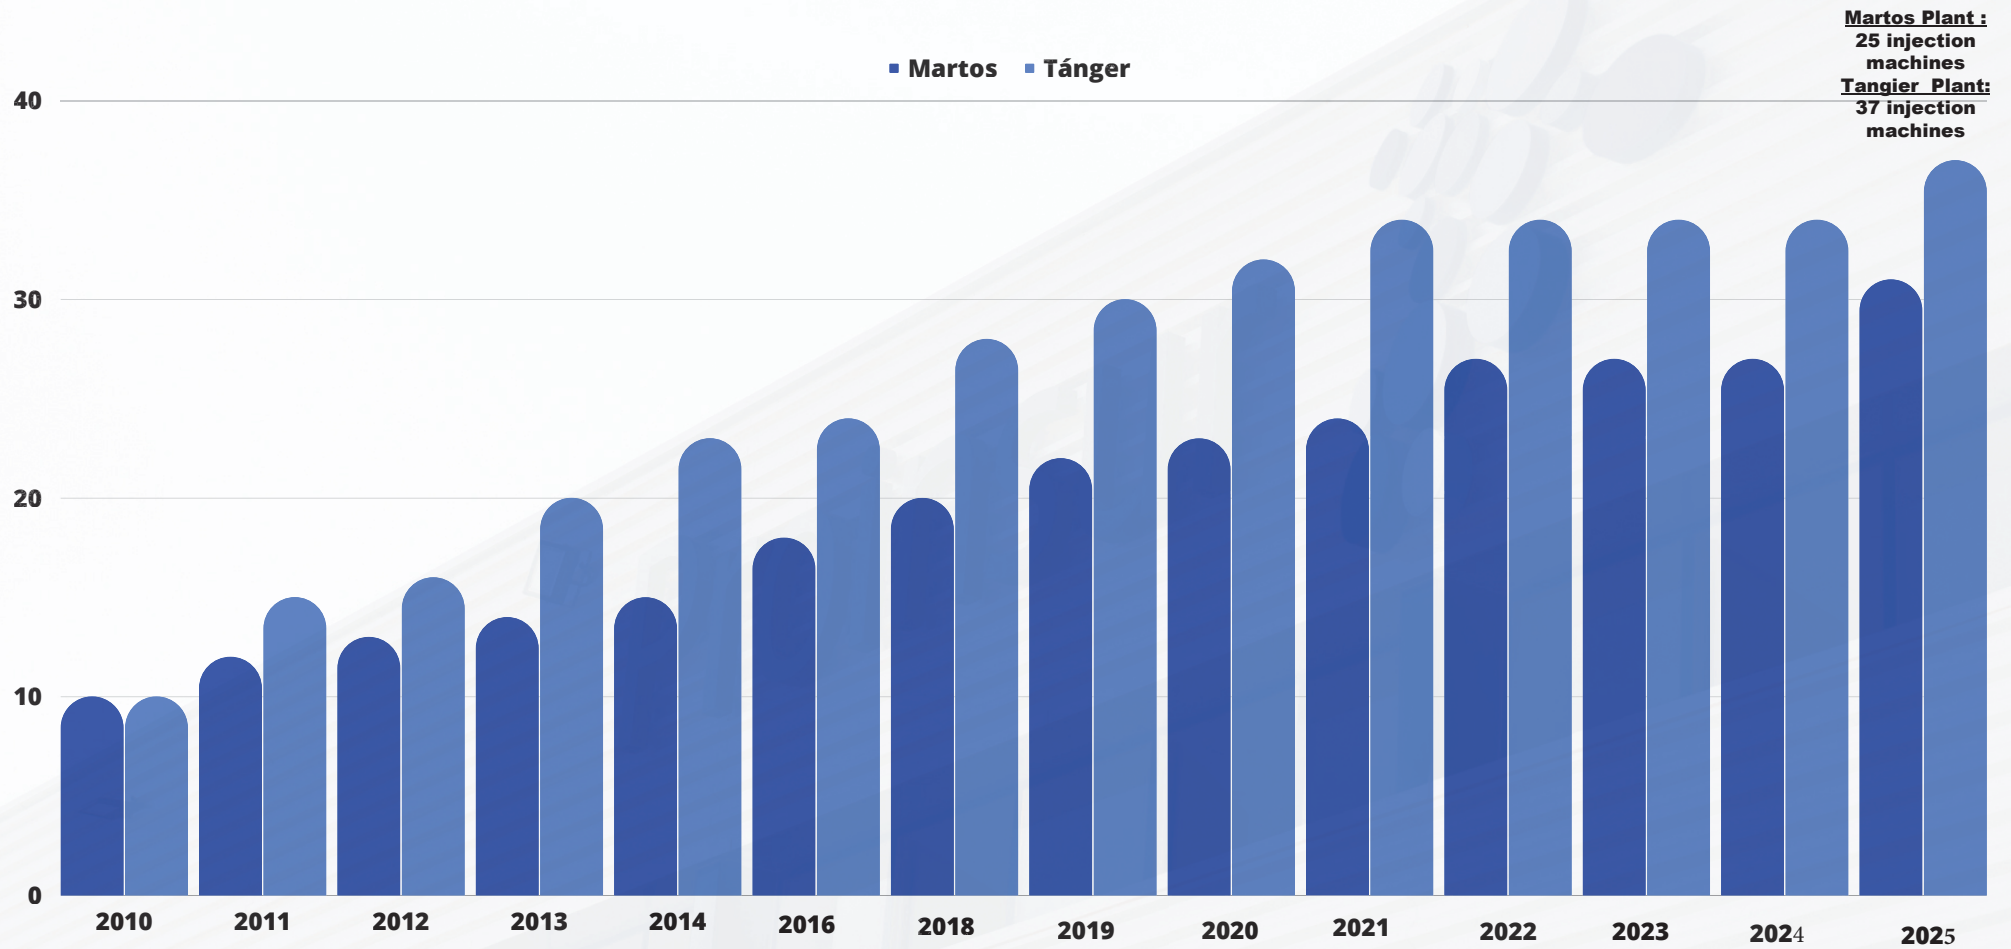

In 2024, Proinsur Group :

- 2 Manufacturing plants (1 Martos, Spain and 1 Tangier, Morocco)
- 1 Technical/Comercial office in Kirtorf, Germany
- 2 Toolshops (PLASTUCC), Martos and Tangier
- More than 40.000 square meters
- 550 employees
- 85 M€ turnover (2024)

INJECTION MACHINES GROW UP

Proinsur

Proinsur Martos Plant

Our plants in Martos cover an area of 14 500 square meters:

- Injection, assembly and metallisation plant -> 4.500 m²
- Storage of raw materials, components and finished goods
-> 12.000 m²

We are equipped with the newest technology machinery and the latest developments in the robotic field for the automation of its processes.

- Quality control laboratory
- Meeting and training rooms
- Engineering / Project development area
- Fully computerized storage
- Solar panels park and recycling waste

Proinsur Martos Plant

Proinsur Martos has a modern fleet of 25 injection machines (hydraulic + electric) of different tonnages from 180 to 1300 tons, which allows us to perform a wide range of products.
+ 1 Metallisation machine

4.000 m2

NEW COLIMATOR AUTOMATIC PRODUCTION LINE

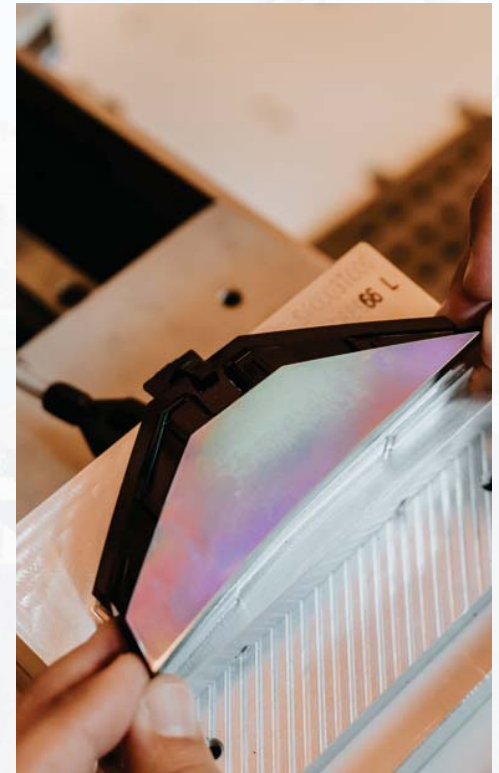

New Investment for 2023-2024

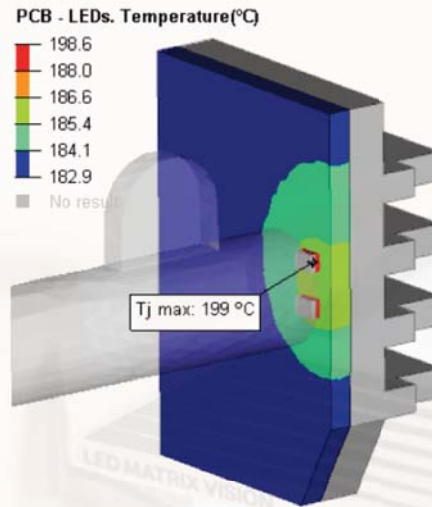

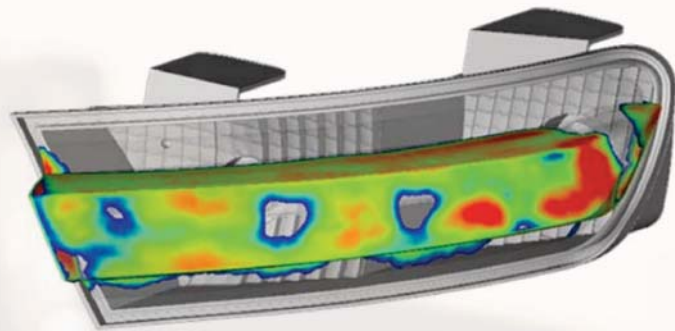

OTHER TECHNOLOGIES :

Tampography & Hot Stamping

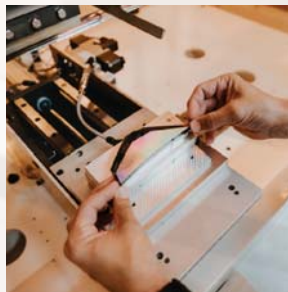

PRODUCT & PROCESS ENGINEERING

CAE Simulation
Moldflow Analysis
Thermal & Condensation Analysis
Topological Optimization
Vibration (Modal Frequencies), (Harmonic
Analysis)
Random Analysis (Dust & Stress Risk)
Impact & Pedrestrian - Crach Analysis

PROTOTYPES

5 Axis CNC 24,000 rpm
Silicone tools
Metalization
2k glass prototype

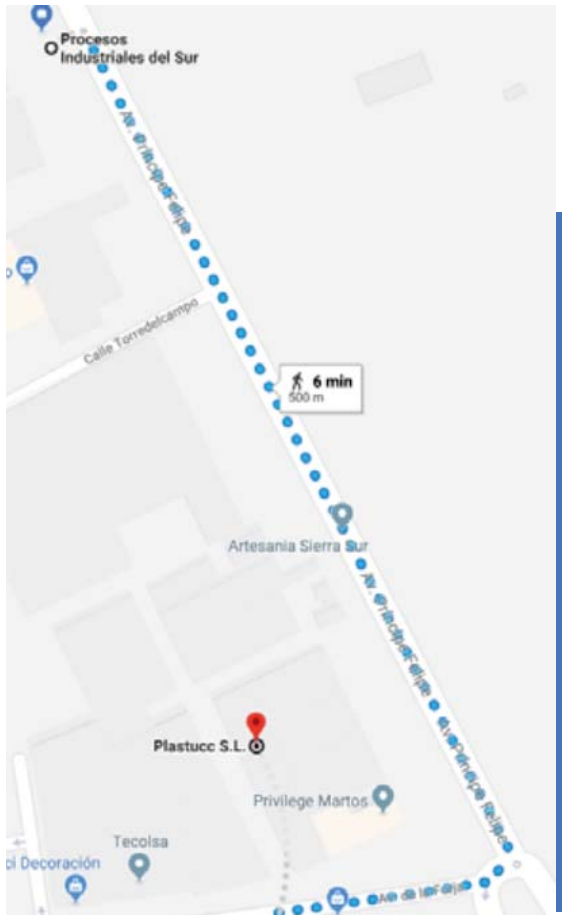

Plastucc Martos Facilities

Proinsur is the owner of the 50% of a toolshop, called Plastucc.

Located 6 minutes from Proinsur plant for a fast response for preventive or corrective maintenance and modifications.

There, we also have a design team specialized in automotive industry.

Plastucc Martos Capabilities

Plastucc has a total surface of 1,100 m² and 50 employees.

- They have experience in CAD/CAM techniques
- Four workstations
- Software Catia V5
- CNC 5 axis machine
- Wire erosion
- Adjustment press

PROINSUR MAROC

+212 5393-93585

www.proinsur.com

As part of our strategy of growth and internationalization, We have set up in 2011 a new production plant in Tangier (Morocco), located in the free zone TFZ

PROINSUR MAROC

Tangier plant activity began in April 2011 with the same organization concept as Martos plant equipped with the best technologies.

The total area covers 14,000 m² divided in :

- Zone for injection, assembly and metallisation
- Offices area
- Storage area for components, raw material and finished goods
- Quality laboratory

Proinsur Maroc Plant

Proinsur Maroc Plant is equipped with brand new and high technology of 37 injection machines of different clamping force from 70tn to 1300tn
+ 2 Metallisation machines

TECHNOLOGIES AND CAPABILITIES

Injection 1K

- 2K + 3K
- Overmolding

• Metallisation

• Hot Stamping

Assembly Control

- Poka-Yoke
- WELDING

• Tampography

Design, construction and maintenance of tools, robotic hands, gauges and assembly machines.

PRODUCT LIST

With different clamping force machines
Proinsur is able to manufacture a wide
range of different parts, for example:

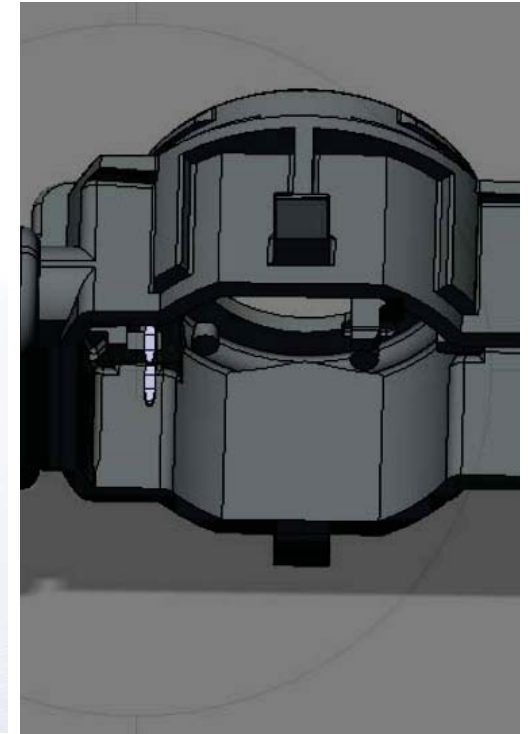

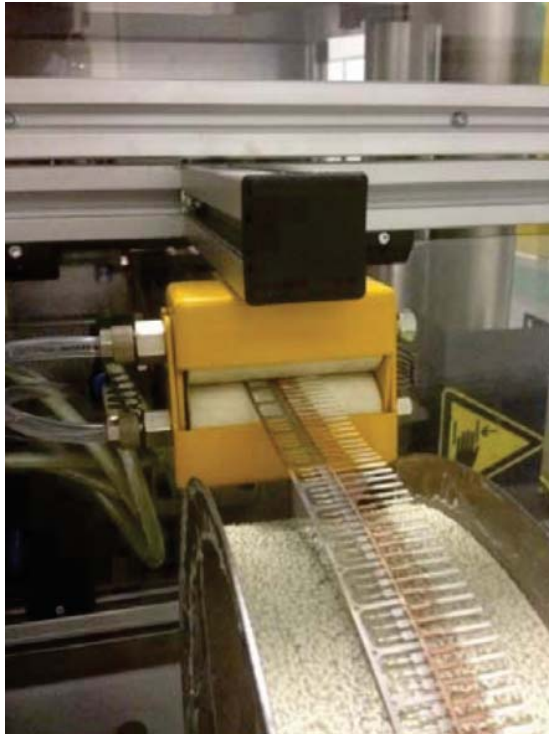

LIGHTING PARTS

INTERIOR PARTS - GRAINED SUFACES

INTERIOR PARTS - GRAINED SUFACES

Proinsur 

CABLE CHANNELS

Proinsur 

MOTORBIKE PARTS

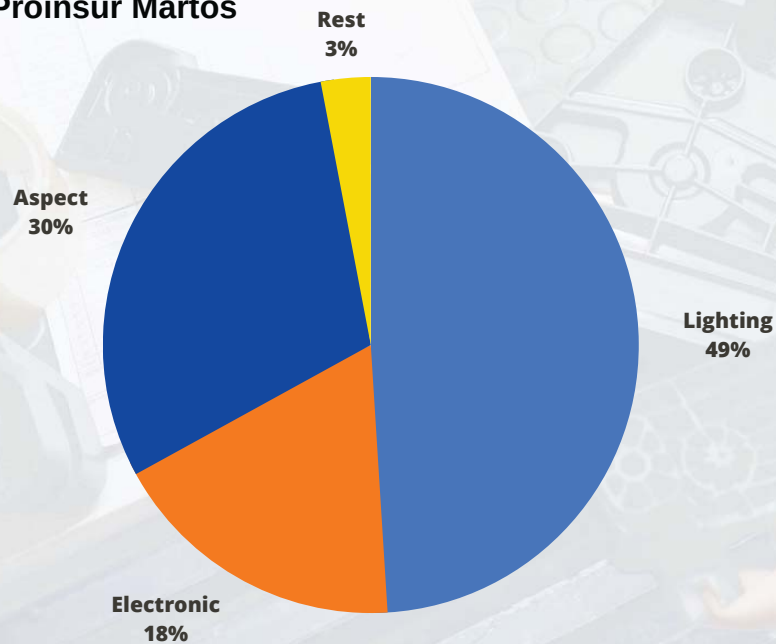

Proinsur

QUALITY

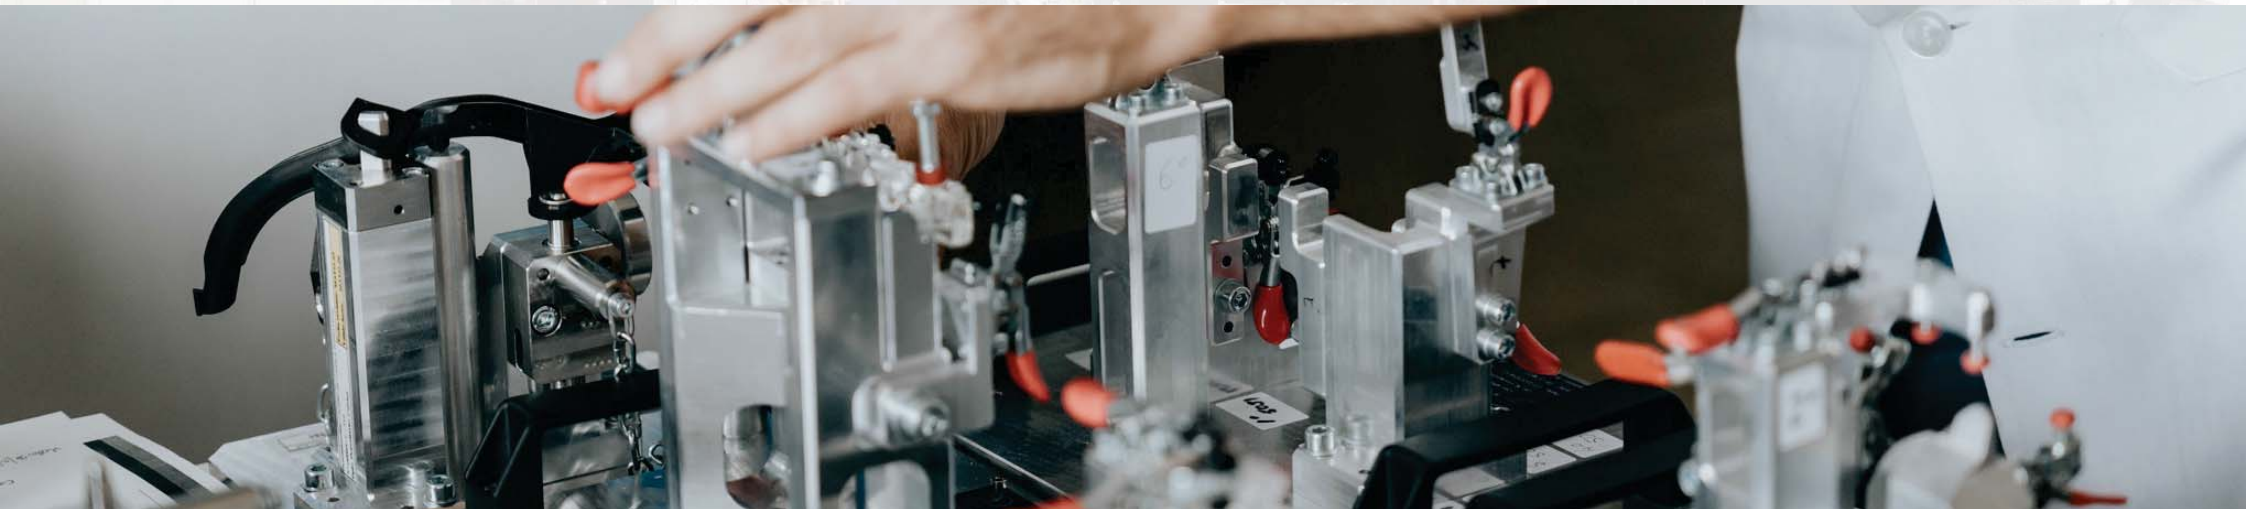

Proinsur

A quality plan is established for each product to ensure that it meets the requirements of each customer

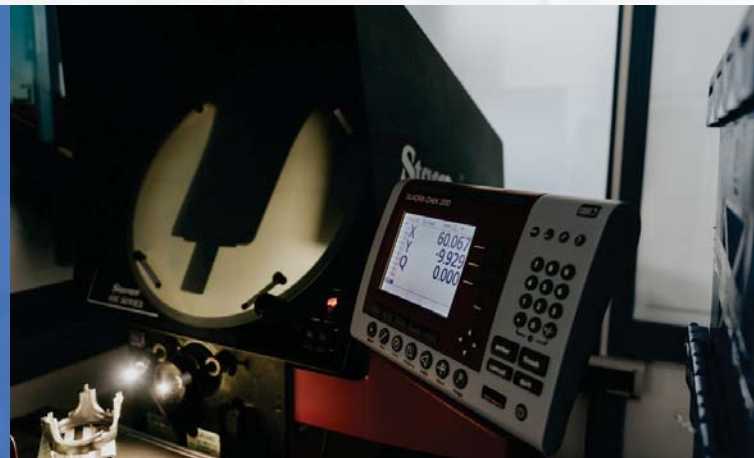

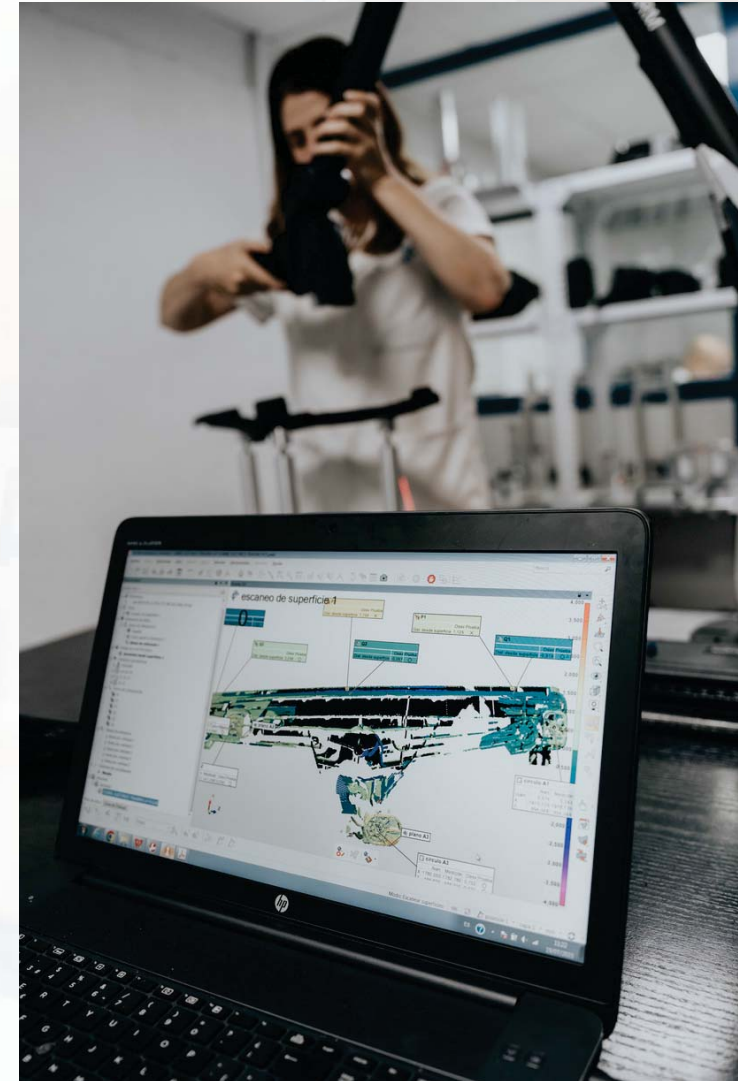

Our plants includes a complete laboratory quality that has all the tools of measurement and control quality

Objective - to ensure the reliability of the final product

OPTICAL PORTABLE SCANNER FOR 3D REPORTS MEASUREMENTS

I+D+I

Our R+D+I develops the whole process of designing new products in close collaboration with the engineering departments of our customers.

www.proinsur.com

We ensure a design that meets all requirements and quality requirements, and so we guarantee our ISO TS 16949, ISO 14001 and Oshas ISO 45001 certificates and NEW IATF

Besides, we have the Cofor for supplied to PSA

Best Practices Recognition
